To Whom It May Concern:

Please consider this a letter of recommendation regarding the services of Di Cara | Rubino Architects. Our district has had a long and ongoing history with this firm, as they have been our school architect-of-record for over 20 years.

Under the guidance of firm principles Joe Di Cara and Jerry Rubino, the firm has designed and overseen numerous projects ranging from basic renovations to major additions, from short term fixes to long-range timelines. The company has provided plans, submitted grants, developed RFPs, overseen bids and administered on-site management of a wide scope of projects.

The Di Cara|Rubino architectural firm is extremely thorough and has worked collaboratively with our district on numerous projects. They have presented to our Board of Education, met with sub-committees and worked closely with our sub-contractors.

Over the years, we have completed several million dollars worth of work with this firm and have found them to be on time, on budget, truthful and forthright in their dealings with us.

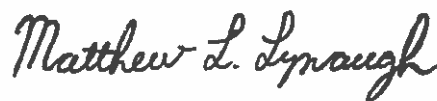

With this history as a backdrop, we are able to both highly recommend them to you and encourage you to look at this firm carefully, as they have a positive history in our district and with schools across the State of New Jersey.

We recommend Di Cara|Rubino and look forward to our continued partnership. Please feel free to contact us with any questions.

Sincerely,

Lauren Barbelet
